

FALL RIVER HERITAGE STATE PARK

Educator Workshops

Educator Workshops

Friday July 14th, 9:00AM-3:00PM - **Chemistry for Middle School Teachers**

This workshop focuses on observation activities, the periodic table, and labs that can easily be conducted in your classroom. Please bring a light colored T-shirt to use for one of the lab demonstrations. **This is a hands-on workshop.** Be prepared to actively participate and walk away with new ideas that you can put to use immediately. Workshop is free.

Friday July 21st, 9:00AM – 3:00PM - **Process Skills Workshop**

This workshop revolves around the process skills that children must learn in order to be successful in school. We will focus on following directions, observation skills, predicting skills, etc. **This is a hands-on workshop.** Be prepared to actively participate and walk away with new ideas that you can put to use immediately. Workshop is free.

Friday July 28th, 9:00AM – 3:00PM - **Project WET**

The Project WET (Water Education for Teachers) Curriculum and Activity Guide, for grades K-12, is a collection of innovative, water-related activities that are hands-on, easy to use and fun! Project WET activities incorporate a variety of formats, such as large and small group learning, whole-body activities, laboratory investigations, discussion of local and global topics, and involvement in community service projects. Developed, field-tested, and reviewed by hundreds of educators and resource managers around the country, the Project WET Curriculum and Activity Guide is a great resource for both formal and informal educators. Educators can

easily adapt and integrate these activities to satisfy the needs of their curriculum, setting, time frame, and audience. The activities cut across many disciplines so educators of any age group or subject can utilize the guide to suit the needs of their classroom.

This is a hands-on workshop. Be prepared to actively participate in the activities, evaluate materials for your unique needs, share ideas with other educators, and take home new ideas and resources that you can use immediately. Participants will receive the 516 page Project WET Curriculum and Activity Guide with over 90 activities plus supplemental materials. Workshop is free. Book cost is \$14.00. Visit www.projectWET.org for more information about this program.

Friday August 4th, 9:00AM-3:00PM – **Project Learning Tree (PLT) Workshop**

Project Learning Tree (PLT) uses the forest as a “window on the world” to increase understanding of our environment, to stimulate critical & creative thinking, and to develop the ability to make informed decisions on environmental issues. Project Learning Tree’s PreK-8th grade activity guide integrates themes within science, language, arts, social studies, math, art, music, and physical education.

The PLT Activity Guide can be a valuable tool in teaching about the environment. During the workshop, participants will have the opportunity to take part in a variety of activities while becoming familiar with the guide.

This is a hands-on workshop. Be prepared to actively participate in the activities, evaluate materials for your unique needs, share ideas with other educators, and take home new ideas and resources that you can use immediately. Participants will receive the 402 page Project Learning Tree Environmental Education Activity Guide with over 90 activities. Workshop is free. Book cost is \$15.00.

FALL RIVER HERITAGE STATE PARK

Educator Workshops

Friday August 18th, 9:00AM – 3:00PM – **Project WILD Workshop**
